Professional Safety Book Review Guidelines

The following questions can be used to guide your review. **Don't answer every question;** select a few that apply to your thoughts about this book. The review can be about 250 to 800 words and should be submitted by email (Word or PDF preferred) to professionalsafety@assp.org.

1. Does this book adequately address the subject area for the intended audience in both scope and content?
2. Did you find the book's organization useful, helpful?
3. Does the way the information is presented facilitate your understanding?
4. (If applicable) Are the practices and regulations cited current, and are they the ones most often referenced by professionals in this field?
5. What are the book's overall strengths? Weaknesses?
6. What makes this book unique?
7. Do the examples or illustrations help you understand the material?
8. What is your opinion of the book? What elements did you find useful that might benefit you in practical application?
9. What types of OSH professionals, working in what industries, might find this book useful?
10. How might you apply the principles from this book in your workplace?

Please provide the publication details for the book, including:

- complete book title;
- author name(s);
- year of publication;
- publisher name;
- ISBN if available.

Submit your review with your formal byline and designations, as well as your contact information (reviews are published with the reviewer's byline and designations only).
